

It has come to my attention that there is a new proposal to expand the broadcast service known as LPFM. I am an avid K-LOVE listener and it distresses me that I might not be able to receive their programming if K-Love is displaced by an LPFM broadcaster providing other programming.

If you would have asked me 3 years ago, what I listened to it definately would not have been Christian Music. I have changed over because I don't like the content of the music that non-christian/pop stations play. I like the fact that I can have anyone in my car and they can listen to the music without being badly influenced (especially my teenage nephews). This is a greatly needed media for families that are concerned about rock/country/etc. lyrics.

Thank you for your time in reading about my concerns.
